Discover The  
Wonder of I Safe

children's excellent experience

# Midi

## S0061

This park is a compact children's playground set designed to be placed in a natural environment. It features a climbing ladder, a small platform, a slide, and a swing unit. With its natural wooden structure, it blends harmoniously with its surroundings and offers a simple, safe play experience, especially suitable for younger children. It is ideal for gardens and green outdoor areas, providing enjoyable and balanced play. 🌿

# TECHNICAL SPECIFICATIONS

We use **pine wood** in our playgrounds. Thanks to its natural structure, it is durable and long-lasting. All wooden surfaces are treated with an and coated with **water-based varnish** to protect them against external factors. All materials used are **certified according to EN71-3** and are suitable for children's health.

Safety is our top priority. For this reason, all edges are rounded and sharp corners are eliminated. In addition, the screws at the connection points are covered with **screw caps**, ensuring both a safe and aesthetically pleasing design.
