## JP

Invite children to embark on their own legendary journeys with this vibrant, Native American-inspired playhouse. Little explorers can bravely scale the climbing wall to reach the tribal totem at the summit, then slide down into fun on the red slide! Crafted from safe and durable materials, this compact structure is designed to boost physical coordination while sparking endless imagination.

# TECHNICAL SPECIFICATIONS

Safety is our top priority. This playgroup is crafted using high-density impact-absorbing foam wrapped in easy-to-clean, anti-bacterial PVC vinyl. All plastic components are selected from durable, non-toxic materials that comply with international safety standards.

## **Steel Pipe**

It is made of 40x40 iron prole and covered with PE foam and sponge.

## **Upholstery Sponge**

22 DNS sponges of 2 cm are used on the platforms.  
22 DNS sponge of 7 cm is used in the trampoline mat.

## **PVC Cover**

It is made of 40x40 iron prole and covered with PE foam and sponge.

## **Protection Nets**

4x4 For the safety of children, the panels are knitted with nets.

## **MDF**

18 mm MDF material was used on the platforms.

## **Steel Spring**

18 cm galvanized steel springs were used.
